TRADING COMPANY
INTRODUCES...**

Organic Honey Golden Pineapple

Honey Golden premium pineapples are grown in the foothills of The Sierra Nevada De Santa Marta mountain range, one of the tallest coastal mountain ranges in the world. The geographic conditions of the Magdalena River make them rich in Vitamins C, B1, B6 and Manganese. The unique geographic biodiversity produces a sweet, flavorful and balanced eating experience.

- 100% USDA standard certified organic from the ONLY organic pineapple plantation in Colombia.
- Available 52 weeks a year starting in March 2021.
- Available for delivery at any USA port of entry.
- Available in maturity stages 1-5.
